When things go awry, you can rely on Michael to remain calm, reevaluate, and move forward with your collection needs.

Michael was a high school science teacher, but was seeking an academic challenge and an opportunity to make the world a better place. That's when he decided to go to law school. Now, with over 22 years of professional experience, he has done insurance defense work, product defense, product subrogation, and so much more. He represents insurance adjusters, handling voluminous files with numerous problems – the goal being to always give his clients solid recommendations in a timely manner. Michael's clients have described him as intelligent, likeable, and trustworthy.

He takes pride in his participation as a board member of the Clermont County Board of Developmental Disabilities and the Advisory Board to the Wyler Boys & Girls Club of Clermont County. Michael is also a past president and current member of the Batavia Rotary Club. In his spare time, Michael enjoys spending time with his wife, playing and coaching soccer, and building a 1963 F100 in his garage with his sons – from the ground up!
